EXECUTIVE SUMMARY

The Government Medium Term Expenditure Framework (MTEF) budget process is guided by the Constitution of Kenya (2010), Public Finance Management (PFM) Act, Treasury Guidelines (August 2019) among other laws and regulations. The process is a series of stages where Ministries, Departments and Agencies (MDAs) (Sub Sectors) classified into ten (10) Sectors undertake to develop the budget as per the prescribed format and timelines.

The Public Administration and International Relations (PAIR) is one of the ten Sectors participating in the budget making process. PAIR comprises of 15 Sub-Sectors, namely: The Presidency; State Department for Devolution; State Department for Planning; Ministry of Foreign Affairs; The National Treasury; State Department for Public Service; State Department for Youth; Parliamentary Service Commission; The National Assembly; Commission on Revenue Allocation; Public Service Commission; Salaries and Remuneration Commission; Auditor General; Controller of Budget; and Commission on Administrative Justice. This report however excludes analysis of the National Assembly and Parliamentary Service Commission.

The Sector core mandate is unique as it cuts across the entire Public Service. The Sector provides overall leadership & policy direction in the management of public & international affairs and resources while coordinating policy formulation, implementation, monitoring and evaluation there on. To achieve its strategic objectives, the Sector is guided by its Mission and Vision. For effectiveness and efficiency, the Sector will also endeavour to continue involving its key stakeholders in the budget preparation and implementation process as provided for in the Constitution.

During the Medium-Term period 2016/17 - 2018/19, a total of thirty-three (33) programmes were implemented within the Sector. The Sector made considerable achievement of the set targets for the programmes during the period under review. This includes but not limited to: provided overall leadership and policy direction to MDAs; expanded Kenya's diplomatic representation and footprint across the globe and strengthened Kenya's leadership role in shaping global agenda at the Bilateral and Multilateral levels; enhanced youth skills development and mainstreaming; implemented performance management systems, improved resource mobilisation, allocation and oversight in the public Sector and, facilitated the operationalization of key legislation including the legal, policy and regulatory frameworks.

These interventions resulted in a number of key outputs and outcomes including, improved ease of doing business, publication of key socio-economic reports, development of master plans for infrastructure projects and completion of strategic projects and, provision of capacity building and technical assistance to strengthen operations of county governments. These contributed to social, economic and political stability for national development and prosperity. During the same period, the total approved budget for the Sector was Ksh.180,736.28 million in 2016/17, Ksh. 182,129.62 million in 2017/18 and Ksh.185,798.32 million in 2018/19 against actual expenditure of Ksh.158,940.02 million in 2016/17,Ksh. 160,020.44 million in 2017/18 and Ksh.169,570.38 million in 2018/19. This indicates an average actual expenditure rate of 89%. Under recurrent vote, the highest expenditure wason transfers to autonomous & Semi-autonomous government agencies and closely followed by use of goods and services. Inthe Development Vote, capital grants to government agencies formed the highest form of expenditures. The Sector has 170capital projects of which 7 were completed and the balance of 163 are on-going and are at different stages of completion.

The Sector's total pending bills rose from Ksh.8,614.23 million in 2016/17 to Ksh.14,607.87 million in 2017/18 and reduced to Ksh. 11,860.80 million in 2018/19. This was either due to lack of exchequer or lack of provision.

During this MTEF planning period, 2019/20 – 2021/22, the Sector plans to implement thirtythree (33) programmes. The sector resource allocation for the MTEF period 2020/21 – 2022/23 is inadequate to meet the required resources by the sub-sectors. The total resource requirement for the Sector amount to Ksh. 337,812.62million, Ksh. 336,777.57million and Ksh. 351,171.56million in 2020/21, 21/22 and 2022/23, respectively. This resource requirement is matched against resource allocation of Ksh. 223,672.67 million, Ksh. 223,096.03 million and Ksh.224,948.44 million for the same period, respectively. The resource requirements versus the allocation translates to a resource shortfall of Ksh. 114,139.95million, Ksh. 113,681.54million and Ksh. 126,223.12million in 2020/21, 2021/22, and 2022/23 respectively.

The sub-Sectors were allocated resources based on the criteria provided in the Budget guidelines. These include, mandatory/obligatory payments, on-going projects, core poverty interventions, strategic interventions, linkage to objectives of MTP III& Big Four Plan and core mandate of MDAs among others.

The Sector coordinates and organises the entire Government functions, and thus has to establish and maintain various cross-Sectoral linkages for efficient and effective service delivery. These include: Considering and facilitating proposed bills into law; mobilising respective Sectors to initiate relevant policies; working closely with other Sectors to promote and enforce good governance; coordinating all matters relating to foreign policy, M&E of Government programmes and projects; resource mobilisation, revenue sharing and allocation; and Human Resource Management and Development (HRM&D) across all Sectors. It also promotes, facilitates and coordinates devolution, prudent public financial management and Public Private Partnerships (PPP). It facilitates provision of official statistics for planning and decision making, collaborates with other Sectors to mainstream youth empowerment initiatives as well as oversight over public resource utilisation among others.

As the Sector implements its programmes, it takes cognisance of a number of emerging issues likely to affect implementation and achievement of the set targets. These include:

substantial resource requirements for the implementation of Vision 2030 and the Big Four Plan; inadequate human resource capacity; rising cases of youth radicalization, gambling, drug and substance abuse: Public Service Internship programme; Inter – County boundaries disputes; disagreements between the Senate and National Assembly over the Division of Revenue

In addition, the Sector faced a number of challenges in the management and execution of its budget and mandate including: budget constraints; increased wage and pension bill; lack of clear public participation frame work; foreign exchange loss; Insecurity & evolving global security threats and regional conflict; high rental expenditure in foreign missions and underperformance in county own source revenue collection;

To mitigate these challenges and address the emerging issues, the Sector recommends the following interventions; reforms in the Public Finance Management; increase sector allocation; operationalize the public servants superannuation scheme; reduction of interboundary disputes; acquisition of buildings for foreign missions; strengthen human resource capacity in public service; enhancing revenue collection and generation for national and county government and leverage PPP financing of key projects

CHAPTER ONE:

INTRODUCTION

1.1 Background

The Public Administration and International Relations (PAIR) Sector remains a fundamental pillar of the Kenyan economy as it plays a pivotal role in providing overall national leadership and policy direction towards the realization of the country's development agenda. The Sector also promotes cordial relationships, partnerships and collaborations with other countries to facilitate the promotion of global peace and security. This results in increase in tourism flows, trade and foreign direct investments. The Sector therefore enables great potentiality in the attainment of the targeted annual GDP growth rate of 10% as stipulated in the Kenya Vision 2030.

The Constitution of Kenya (2010) in Chapters 9, 11, 12, and 13, requires the Sector to provide leadership, prudent Public Finance management, promote devolution and ensure an effective and efficient Public Service, foreign relations and employment creation. The Sector mandate is unique as it cuts across the entire Public Service. Therefore, the Sector provides overall leadership & policy direction in the management of public affairs and resources while coordinating policy formulation, implementation, monitoring and evaluation thereon.

The PAIR Sector comprises of 15 Sub-Sectors as per the Treasury MTEF Guidelines of August 2019. They are namely: The Presidency; State Department for Devolution; State Department for Planning; Ministry of Foreign Affairs; The National Treasury; State Department for Public Service; State Department for Youth; Parliamentary Service Commission; The National Assembly; Commission on Revenue Allocation; Public Service Commission; Salaries and Remuneration Commission; Office of the Auditor General; Controller of Budget; and Commission on Administrative Justice. This report however, does not include the input from the National Assembly and Parliamentary Service Commission.

This Sector report provides and outlines the medium term priorities and the corresponding resources in line with the Third Medium Term Plan, 2018-2022 (MTP III) of the Kenya Vision 2030 and the Big Four Plan. The report outlines the broad development policies, plans and programmes for the FY 2020/21-2022/23 MTEF budget. The inputs of key stakeholders have been taken into account in preparation of this sector report in accordance to the Public Finance Management Act 2012.

The report is organized into six chapters based on Treasury Circular No.13/2019 of 28th August, 2019 as follows; Chapter one presents an introduction which provides the

background information, Sector vision, mission and strategic goals/objectives, Sub-sectors and their mandates, the Autonomous and Semi-Autonomous Government Agencies; and the role of stakeholders. Chapter two gives an outline of the programme and performance review for the period 2016/17 - 2018/19. Chapter three presents medium term priorities and financial plan for the MTEF period 2020/21 - 2022/23, while chapter four, five and six discusses cross-Sub-sector linkages and emerging issues/challenges, conclusions and suggested recommendations.

1.2 Sector Vision and Mission

1.2.1 Vision

Excellence in Public Policy Administration and International Relations

1.2.2 Mission

To provide overall leadership and policy direction, oversight in economic and devolution management, public service delivery, youth empowerment, resource mobilization and implementation of Kenya's foreign policy for global competitiveness and national prosperity.

1.3 Strategic Goals/Objectives of the Sector

The Sector's programs will be guided by the following Strategic Objectives: -

- a) To provide leadership and overall strategic policy direction for national prosperity;
- b) To strengthen capacity of National and County governments for implementation of devolution and enhanced intergovernmental relations;
- c) To protect Kenya's sovereignty and territorial integrity, and pursue its foreign policy;
- d) To promote prudent, financial and fiscal management for economic growth and stability;
- e) To promote public policy formulation, planning, coordination, implementation, monitoring and evaluation of public projects and programmes for national development;
- f) To transform the public service for efficient and effective service delivery;
- g) To spearhead youth development, empowerment and mainstreaming in all aspects of national development;
- h) To advice on equitable sharing of national revenue between National and County Governments and among County Governments;
- i) To attract, retain and develop competent human resource, and promote good governance towards an ethical Public Service;
- j) To promote harmony, equity and fairness in public service remuneration for attraction and retention of requisite skills;

- k) To promote and support good governance and accountability in the public Sector for the achievement of Vision 2030 goals;
- 1) To ensure timely approval of withdrawals from the Consolidated Fund, County Revenue Fund, the Equalization Fund and other public funds; and
- m) To enforce administrative justice and enhance access to information for efficient and effective service delivery in the public Sector.

1.4 Sub-Sectors and their Mandates

(a) The Presidency

Provision of overall leadership for the implementation of national policies.

(b) State Department for Devolution

Coordination and management of devolution, intergovernmental relations and capacity building to County Governments and special programmes.

(c) Ministry of Foreign Affairs

Formulation, articulation and implementation of Kenya's Foreign Policy.

(d) The National Treasury

Formulation and implementation of policy measures that facilitate prudent financial management for economic transformation and shared growth.

(e) State Department for Planning

Economic planning, management of national statistics and the population policy, monitoring and evaluation of economic trends and sustainable development goals.

(f) State Department for Public Service

Coordination, management and development of Human Resource in the Public Service.

(g) State Department for Youth

Coordination and management of empowerment and mainstreaming of youth in all aspects of National Development.

(h) Commission on Revenue Allocation

Determine and recommend equitable sharing of revenue raised nationally between the National and County Governments and among the County Governments.

(i) Public Service Commission

Establish and abolish offices in the public service; provide, manage and develop human resource and promote good governance in the public service for effective and efficient service delivery

(j) Salaries and Remuneration Commission

Set and regularly review remuneration and benefits of State Officers and advice on the remuneration and benefits of all other Public Officers in the National and County Governments.

(k) The Auditor General

Carry out audits of accounts of all entities that are funded from public funds and report to Parliament and the relevant County Assemblies within statutory timelines

(l) The Controller of Budget

Oversee the implementation of the budgets of the National and County Governments by authorizing withdrawals from public funds under article 204,206 and 207 of the constitution of Kenya, 2010.

(m) Commission on Administrative Justice

Promote administrative justice and enforce access to information.

1.5 Autonomous and Semi- Autonomous Government Agencies

The Sector comprises a number of Autonomous and Semi-Autonomous Government Agencies (AGAs/SAGAs)

The Table 1-1 shows the Autonomous and Semi-Autonomous Government Agencies that fall under the PAIR Sector.

| S/No. | Sub-Sector | AGAs | SAGAs | |
|-------|-----------------------|---|---|--|
| 1. | Devolution | | a) Intergovernmental Relations Technical Committee | |
| | | | b) Council of Governors | |

1.6 Role of Sector Stakeholders

The Sector has stakeholders who either influence or are affected by the implementation of its programmes. Table 1-2outlinesthe Sector's stakeholders, their interests within the Sector and the expected outcomes.

| S/No | Stakeholder | Role of the Stakeholder | Interest in PAIR Sector | Expected Outcome |
|------|---|---|---|---|
| 1. | Citizens | Public Participation and fulfillment of obligation | Policy and leadership direction Improved service delivery Equitable resource distribution Transparency and accountability Macro –economic stability | Good governance Enhanced national cohesion Inclusive and equitable socio- economic growth and development |
| 2. | Ministries/Departments/Agencies | Create an enabling environment for improved service delivery. | Provision of overall leadership and policy direction Financial and human resource mobilization for implementation of planned projects and programmes Positive projection of the national image and safeguarding of national interests in the world Prudent use of resources Transparency and accountability | Efficient and effective Public service delivery Socioeconomic growth International goodwill Good governance |
| 3. | Development Partners | Provision of financial and technical assistance | Public service delivery Prudent use of resources Transparency and accountability | Sustainable economic growth and development Good governance |
| 4. | Non-Governmental Organizations (NGOs)/CBOs | Compliment and supplement the government in service delivery | Prudent use of resources Improved service delivery Public participation in policy formulation and execution. Transparency and accountability | Inclusive socio-economic growth and development. |
| 5. | County Governments | Consultation, cooperation and collaboration. | Policy direction and guidance Strengthening capacity and institutions of Counties for service delivery Equitable allocation and timely disbursement of resources Cordial intergovernmental relations | Harmonized implementation of devolved functions Equitable growth and development Good governance |

Table 1-2: Role of Sector Stakeholders

| S/No | Stakeholder | Role of the Stakeholder | Interest in PAIR Sector | Expected Outcome |
|------|---|---|--|--|
| 6. | Private Sector | Engagement and cooperation in service delivery | Conducive business environment. Collaboration with Government under Public Private Partnership (PPP) Fiscal discipline and macroeconomic stability. | Ease of doing business Increased investment opportunities Sustainableeconomic growth and development |
| 7. | Industrial unions/ SACCOs/ Funds | Ensure fair industrial and labour relations Consultation and collaboration on labour practices Safeguarding members investments | Improved terms and conditions of service Involvement in policy decisions affecting public servants Clear policy guidelines | Improved service delivery Cordial labour relations Improved socio-economic welfare |
| 8. | Media | Responsible, objective and fair reporting Public awareness and civic education | Transparency and accountability Access to accurate and timely information | Increased public awareness |
| 9. | Foreign Governments and other International entities | Cooperation and collaboration | Bilateral and multilateral cooperation frameworks Cordial relationships and support | Increased Foreign Directinvestments, improved Peace and security Enhanced diplomatic relations |
| 10. | Judiciary | Speedy dispensation of Justice | Timely and adequate disbursement of financial resources Adherence to laws and regulations | Effective and efficient judicial system |
| 11. | Professional Bodies | Promotion of code of ethics and professional standards | Ethical and professional public service delivery Timely disbursement of resources | Effective and efficient public service delivery |

CHAPTER TWO

2.0 PROGRAMME PERFORMANCE REVIEW 2016/17 - 2018/19

This chapter provides performance review of the Public Administration and International Relations (PAIR) sector for the period 2016/17 - 2018/19. Key results have been identified and explanations given for all substantial variances. The Sector achieved most of its set targets during the period under review, which provides justification for the proposed programmes and projects for the period 2020/21 to 2022/23 as presented in chapter 3 of this report.

2.1 Review of Sector Programme Performance

The sector programme performance highlights key achievements for the period under review. Table 2-1 presents key outputs that the Sector had planned to achieve, the key performance indicators that were used to measure the outputs, planned targets for the respective financial years, and the achievements made over that period.

Table 2- 1 :Review of Sector Programme Performance

| Programme | Key Output | Key Performance Indicators | Planned Targ | get | | Achieved targ | gets | | |

2.2.2 Analysis of Development Expenditure by Sector and Vote

The development expenditure was funded from Government of Kenya (GOK), Loans, Grants and local AIA. The development allocation decreased by 15.9% from Ksh.86, 543.93 million in FY 2016/17 to Ksh.72,746.22 million in FY 2018/2019.

In the period under review, the expenditure was Ksh.71,486.86 million, Ksh.70,303.75 million and Ksh.62,395.41 million, which translated to absorption levels of 82.6%, 84% and 85.8% in the FYs 2016/17, 2017/18 and 2018/19 respectively. Analysis of development expenditure by the sector and vote is shown in table 2-3.

2.2.4 Analysis of Capital Projects by Programme

During the review period, the sector implemented 169 projects out of which 14 projects were completed. Out of the balance of 155 projects, 43 projects from the State Department for Planning were transferred to the Ministry of East African Community in the financial year 2018/19. The remaining 112 projects were ongoing and at various stages of completion.

Table 2-7 (annexed in this report) presents an analysis of the performance of capital projects implemented by the Sector in the 2016/17-2018/19 period. The analysis captures among other things: contract details of the respective projects; contract cost and expected final cost; budget

provisions and the completion status in the three years of the review; and the specific needs which the project was designed to address.

2.3 Review of Pending Bills

During the financial years 2016/17, 2017/18 and 2018/19 the sector incurred pending bills amounting to Ksh. 8,614.23 million, Ksh.14,607.87 million and Ksh. 11,860.80 million respectively. This comprised recurrent pending bills of Ksh.1,292.43 million, Ksh. 6,702.89 million and Ksh. 8,102.21 million and development pending bills of Ksh. 7,321.8 million, Ksh. 7,904.98 million and Ksh.3,758.59 million for the financial years 2016/17, 2017/18 and 2018/19 respectively.

During the period, pending bills of Ksh.4,480.42 million, Ksh. 6,065.29 million and Ksh. 5,651.77 million arose due to lack of exchequer while Ksh.4,133.81 million, Ksh. 8,542.58 million and Ksh.6,209.03 million were due to lack of provision in the financial years 2016/17,2017/18 and 2018/19,reSPectively.The proportion of pending bills to total expenditure was 5.4 per cent, 9.1 per cent and 7 per cent in financial years 2016/17, 2017/18 and 2018/19, respectively.

The sector put in place administrative measures to contain pending bills which included appointment of pending bills committee to review and vet historical pending bills, prioritization of pending bills as first charge in the subsequent year, prompt approvals of procurement plans and fast tracking of procurement processes. The summary of pending bills is indicated in table 2-7 (a), 2-7 (b) and 2-7(c).

2.3.1 Recurrent Pending Bills

The recurrent pending bills for the sector arose mainly as a result of austerity measures applied across board which affected running contracts of some subsectors, delayed approval and release of the supplementary II estimates.

CHAPTER THREE

3.0 MEDIUM TERM PRIORITIES AND FINANCIAL PLAN FOR THE MTEF PERIOD 2020/21 -2022/23

This chapter provides the medium-term priorities to be implemented by the sector in the period covering the Financial Year 2020/21 and the medium-term budget.

3.1 Prioritization of Programmes and Sub-Programmes

The Public Administration and International Relations Sector continues to strengthen administration of public services at all levels of Government to enhance effective and efficient implementation of programmes as provided under the MTP III of the Kenya Vision 2030. The Sector will upscale its activities in line with the Big Four Plan and MTP III to promote dynamic, inclusive and sustainable development. In the financial year 2020/21 and the medium-term budget, the Sector will focus on the following key priorities;

- a) Enhancing advisory on public policy for effective management of public affairs;
- b) Focusing on management and implementation of the devolved system of government to promote harmonious inter- and intra-governmental relations;
- c) Strengthening management of humanitarian support services;
- d) Promoting foreign relations for stronger diplomatic engagements and improvement on international trade and Foreign Direct Investments;
- e) Managing the Government's finances efficiently and effectively for macroeconomic stability and economic growth;
- f) Strengthening oversight on management of public resources for effective service delivery;
- g) Providing reliable and effective Monitoring and Evaluation system to track implementation of development policies, strategies, programmes and projects;
- h) Strengthening linkages between planning, policy formulation and budgeting at all levels;
- i) Enhancing empowerment and participation of youth and other vulnerable groups in all aspects of national development; and
- j) Strengthening Human Resource Management and Development in the public service.

3.1.1 Programmes and their Objectives

During the 2020/2021 - 2022/2023 MTEF budget period the Sector will implement thirty-three (33) programmes. The programmes and their corresponding objectives are as shown in table3-1 below:

| S/N 0 | Programme | Objective |
|----------|---|---|
| 1. | State House Affairs | To facilitate efficient and effective execution of the President's mandate as per the constitution and other laws |
| 2. | Deputy President Services | To facilitate effective support to the Presidency in providing overall policy direction and leadership |
| 3. | Cabinet Affairs | To support the Presidency in provision of overall policy direction and leadership in the management of Kenya's public affairs |
| 4. | Government Advisory Services - Presidency | To enhance advisory services for effective management and coordination of public affairs |
| 5. | Resource Surveys & Remote Sensing | To generate geo-spatial data & information for sustainable development |
| 6. | Devolution support services | To ensure effective implementation of the devolved system of government |
| 7. | Management of Intergovernmental Relations | To ensure harmonious intergovernmental relations at national and county levels |
| 8. | Special Initiatives | To strengthen management of humanitarian and emergency support services |
| 9. | General Administration, Planning and Support Services-Devolution | To enhance efficiency and effectiveness in service delivery and programmes implementation |
| 10. | Economic Policy and National Planning | To strengthen linkages between planning, policy formulation and budgeting at all levels |
| 11. | National Statistical Information Services | To enhance evidence-based decision making for socioeconomic development. |
| 12. | Monitoring and Evaluation Services | To improve tracking the implementation of development policies, strategies, programmes and projects |
| 13. | General Administration Planning and Support Services - Planning | To enhance efficiency and effectiveness in service delivery and programmes implementation |
| 14. | General Administration, Planning and Support Services- Foreign Affairs | To enhance efficiency and effectiveness in service delivery and programmes implementation |
| 15. | Foreign Relations and Diplomacy | To promote foreign relations and strengthen diplomatic engagements. |
| 16. | Economicand Commercial Diplomacy | To enhance Kenya's economic interests at the bilateral and multilateral levels. |
| 17. | Foreign Policy Research, Capacity Development and Technical Cooperation | To enhance Kenya Foreign Policy implementation through research, capacity development and technical cooperation. |
| 18. | General Administration, Planning and Support Services- National Treasury | To enhance institutional and human resource capacity for quality delivery of services |
| 19. | Public Financial Management | To increase the reliability, stability and soundness of the financial sector |

| S/N | Programme | Objective |
|-----|--|--|
| 0 | | |
| 20. | Economic and Financial Policy Formulation and Management | To ensure a stable macroeconomic environment |
| 21. | Market Competition and Creation of Enabling Business Environment | To enhance market competition and consumer welfare |
| 22. | Public Service Transformation | To enhance efficiency and quality in public service delivery |
| 23. | Youth Empowerment | To enhance empowerment and mainstreaming of youth in all aspects of national development. |
| 24. | Inter-Governmental Revenue and Financial matters | To ensure equitable sharing of national revenues between National and County governments and among County governments, and reduce the marginalization gap. |
| 25. | General Administration, Planning and Support Services- Public Service Commission | To build Commission's internal capacity for efficient and effective service delivery |
| 26. | Human Resource Management and Development | To improve human resource management and development practices in the public service |
| 27. | Governance and National Values | To promote constitutionalism, values and principles of public service |
| 28. | Performance and Productivity Management | To improve performance, productivity and service delivery in the public service. |
| 29. | Salaries and Benefits Management in the Public Service | To ensure an equitable, competitive and fiscally sustainable remuneration and benefits in the public sector. |
| 30. | Audit Services | To provide the assurance that public resources are being optimally utilized and managed for the public good |
| 31. | Control and Management of Public finances. | To ensure prudent public financial management. |
| 32. | Promotion of Administrative Justice | To promote administrative justice and enforce the right toaccess information |

3.1.2 Programmes, Sub Programmes, Expected Outcomes, Outputs and Key Performance Indicators for the Sub-Sector

The key expected programme outcomes, outputs, key performance indicators and targets for the Financial Year 2020/21 and the medium term are shown in table 3-2 below

Table 3- 2: Programme/Sub-Programme Outcomes, Outputs and Key Performance Indicators

| Programme | Delivery Unit | Key Outputs | Key Performance Indicators | Target 2018/19 | Actual Achievemen t 2018/19 | Target (Baseline) (2019/20) | Target 2020/21 | Target 2021/22 | Target 2022/23 |

3.1.3 Programmes by Order of Ranking

The programmes in the sector were ranked based on their conformity to the ten factors listed below;

- a) Linkage of Programmes to the implementation of the 'Big Four' initiatives;
- *b*) Linkage of the programme with Kenya Vision 2030 objectives and its 3rdMedium Term Plan (2018 2022).
- c) Degree to which a programme addresses job creation and core poverty interventions.
- *d)* Degree to which the programme is addressing the core mandate of the sub-sector.
- *e)* Expected outputs and outcomes from a programme.
- *f*) Linkages with other programmes within the sector.
- g) On-going programmes/projects.
- *h*) Contribution to Prudent Financial Management.
- *i*) Requirement for counterpart funding for donor supported programmes.
- *j*) Immediate response to the requirements and furtherance of the implementation of the Constitution.

3.2 Analysis of the Resource Requirement versus Allocation by Sector

The sector resource requirement is KSh. 337,812.62 million, KSh. 336,777.57million and KSh. 351,171.56 million in the FY2020/21, FY2021/22 and FY2022/23 respectively compared to an allocation of KSh. 223,672.67 million, KSh. 223,096.03 million and KSh. 224,948.44 million over the same period. This represents a resource shortfall of KSh. 114,139.95 million (34%) KSh. 113,681.54million (34%) and KSh. 126,223.12million (36%) in FY2020/21, FY2021/22 and FY2022/23 respectively. The sector resource allocation decreased by KSh. 24,503.54 million (9.87%) from 248,176.21 millionin FY 2019/20 to KSh. 223,672.67 million in FY 2020/21.

The sector was allocated KSh.135,205.10 million and KSh.88,467.57 million in 2020/21 as recurrent and development compared to their respective baselines of KSh. 147,501.19 million and KSh. 100,675.02million in 2019/20. This translates to a decrease in resource allocation of KSh. 12,296.09 million or 8.34% and KSh. 12,207.45 million or 12.13% for recurrent and development respectively. The sector's resource requirements versus allocations for both recurrent and development are shown in tables 3-3.1below.

| Public Administration | | Baseline | | Requirements | | | Allocations | |
|--------------------------------|----------------|------------|------------|--------------|------------|------------|-------------|------------|
| and International Relations | | 2019/20 | 2020/21 | 2021/22 | 2022/23 | 2020/21 | 2021/22 | 2022/23 |

Table 3- 3: Sector Recurrent and Development Requirements and Allocation (in KSh.Million)

3.2.1 Recurrent Resource requirement versus allocations

The sector recurrent resource requirement during the FY 2020/21 is **KSh.195,663.57 million** compared to the allocation of **KSh. 135,205.10 million**. This translates into a resource shortfall of **KSh. 60,458.47million** or 31% of the requirements for the Financial Year. Recurrent resource requirements are projected to rise to **KSh. 195,503.45 million** in FY 2021/22 and **KSh.202,562.32 million** in the FY 2022/23 compared to a projected allocation of KSh. **125,047.66 million** and KSh. **127,793.68 million** in FY 2021/22 and 2022/23 respectively. The reduction in allocation by 35.21% and 35.55% in FY 2021/22 and 2022/23 respectively as a result of reduced ceiling allocation for the sector. Table 3-4 below shows the analysis of the recurrent resource requirement versus allocation.

| RECURRENT | Baseline | Requi | rement (Ksh. Mil | lions) | Allo | cation (Ksh. Mi | llions) |

3.2.2 Development Resource Requirement versus allocation

The sector development resource requirement during the FY 2020/21 is KSh. 142,149.05 million compared to the allocation of KSh. 88,467.57million. This translates into a resource shortfall of KSh. 53,681.48 million or 38%. Development resource requirements are projected to reduce to KSh.141,274.13 million in 2021/22 and increase to KSh. 148,609.24 million in 2022/23 compared to a projected allocation of KSh. 98,048.38 and KSh. 97,154.76 in 2021/22 and 2022/23 respectively. Table 3-5 below shows the analysis of the development resource requirement versus allocation.

| Development | Baseline | | Requirement | (Ksh. Millions) | | Allocation (H | Ksh. Millions) |
|----------------|-----------------|------------|-------------|-----------------|-----------|---------------|----------------|

3.2.5 Analysis of Resources Requirements VS Allocation for Semi-Autonomous Government Agencies

The resource requirement for SAGAs amount to Ksh. 152,794.63 million, Ksh. 164,981.61 million and Ksh. 177,175.28 million against allocations of Ksh. 88,644.98 million, Ksh. 94,172.16 million and Ksh. 97,930.22 million in the Financial Years 2020/21, 2021/22 and 2022/23 respectively.

Analysis of resource requirements versus allocation for SAGAs is shown in table 3-9 below:

3.2.6 Resource Allocation Criteria

The sector's resource allocation for the financial year 2020/21 and the medium term was informed by the Big Four Plan, Third Medium Term Plan (2018 - 2022) of Kenya Vision 2030 and other Government policies. Further, resource allocation was guided by Government's focus on poverty reduction, employment creation as well as youth and women empowerment. Consequently, programmes with high inclination towards the above were given priority for purposes of stimulating economic growth and development in order to address existing poverty to transform the lives of Kenyans.

The sector also gave priority to Government's obligations in the fulfilment of its legal and other mandatory requirements such as compensation to employees, clearance of pending bills, rent, utilities, contracted services and subscriptions to international organizations among others. For capital expenditure, priority was given to Big Four Plan projects, donor funded projects with GOK counterpart requirements and other ongoing projects with highest impact on poverty reduction and employment creation. To ensure equity in the resource sharing, one-off expenditures were identified in the subsectors and netted out to free resources for other subsectors.

CHAPTER FOUR

4.0 CROSS-SECTOR LINKAGES, EMERGING ISSUES AND CHALLENGES

4.1 CROSS-SECTOR LINKAGES

The PAIR Sector continues to maintain cross-sectoral linkages for efficient and effective service delivery by providing national leadership, policy advisory and oversight in the management of public affairs.

Specifically, the Sector is mandated to: Coordinate National Government Business; the Sector works closely with the Governance, Justice, Law, and Order Sector, in the clearance of Memorandum of Understandings (MOUs) and contractual agreements; it also promotes the values and principles referred to in Articles 10 and 232 of the Constitution throughout the public service, oversees the operations of the State Corporations, promotes and enforces good governance in the management of public resources

In addition, the Sector coordinates preparation and implementation of National Budget, and mobilizes resources for the National and County Governments; prescribes public investment appraisal and risk analysis methodologies and guidelines; manages financial and project systems; and supports implementation of Public Private Partnerships (PPP) projects at both National and County Governments.

Further, the Sector spearheads national and county development planning and provision of official statistics as well as support to public policy research for development decision making. The Sector also coordinates implementation of Kenya's Vision 2030 the 'Big Four' Plan, and Sustainable Development Goals (SDGs).

On public service transformation, the Sector provides overall strategic leadership, policy direction and implementation and coordination of fit for purpose human capital management practices including capacity building on government development priorities and Huduma programs for improved quality service delivery. In addition, it collaborates with other sectors in mainstreaming youth and gender affairs in economic and social development.

To entrench devolution, the Sector makes recommendations for revenue sharing between national and county governments and among county governments, and on revenue enhancement and, financing of marginalized areas. Similarly, the Sector Strengthen management of devolution and harmonious intergovernmental relations, builds capacity as well as offers technical assistance to counties.

To achieve Kenya's foreign policy goals, the Sector is mandated to project, promote, and protect the nation's interest abroad with a view to enhancing trade and economic diplomacy for sustainable development.

4.2 EMERGING ISSUES

During the implementation of the MTEF programmes for the period 2016/17- 2018/19, the Sector identified the following issues that need to be addressed in order to facilitate effective implementation of its programmes.

- I. Substantial resource requirements for implementation of Vision 2030 and the 'Big Four' Plan: Implementation of the MTP III of Vision 2030 and 'Big Four' Plan requires a shift in expenditures to high priority areas to ensure that resources are progressively realigned to meet the desired goals. Accordingly, the Sector will be required to put in place enabling policy guidelines and mobilize adequate resources amidst competing needs.
- II. **An ageing workforce**: Challenges emanating from human resource planning has contributed to an ageing workforce and succession management gaps. This will require additional resources to strengthen human resource capacity in the Public Service to enhance productivity.
- III. Rising cases of youth radicalization, gambling, drug and substance abuse: These have led to increased prevalence of crime, reduced productivity, and increased cases of psychological illnesses among the youth. This calls for targeted policy and programme interventions aimed at increasing opportunities for youth participation in development as well as initiatives towards reforming already affected youth.
- IV. Public Service Internship Programme: The Government commitment to increase opportunities for the youth towards acquiring experience, works skills and ethos for employability in the job market through implementation of mentorship and coaching programme. This will therefore require additional resources to be allocated to the Sector to expand and sustain the initiative.
- V. **Disagreement between the Senate and National Assemblyover division of revenue.** This led to delayed release of funds to counties affecting service delivery. There is a need for a mechanism to resolve the political impasse without compromise to service provision in County Governments.

VI. Changing geopolitical landscape

The foreign policy environment that Kenya operates in is dynamic, to the extent that global interests are constantly shifting and influencing decisions being made at bilateral, regional and multilateral levels. This has resulted to a growing demand for Kenya to strengthen its strategic direction and engagement as a global thought leader.

VII. Emerging mega trading blocs

Presently, three Major Regional Trading Agreements (MRTAs) are envisaged: The Transatlantic Trade and Investment Partnership (TTIP); Trans-Pacific Partnership (TPP); and the Regional Comprehensive Economic Partnership (RCEP). If these agreements are implemented, they would considerably modify the world trade landscape with systemic challenges for the multilateral trading system. In particular, MRTAs tend to be ahead on numerous issues discussed within the WTO framework and have contributed to divert talks away from traditional Doha matters, which are particularly essential to many developing countries.

BREXIT: The UK is an important trading partner; a source of investments and provider of funding. The indirect effects from lower economic growth in the EU following BREXIT may have broader effects on Kenya. BREXIT creates an opportunity and poses uncertainties as well. It presents options for structural reforms that could strengthen the competitiveness of Kenya.

4.3 CHALLENGES

- 1. **Budget constraints** negatively impacted the implementation of planned programmes as well as contributed to a build-up of pending bills;
- 2. **Increased Wage Bill:** Recruitment of key personnel in essential services in the public sector well as salary increases for medical practitioners and public servants put pressure for the Sector to devise new strategies for more resources to meet the additional costs;
- 3. **High pension expenditure** due to an aging workforce has exerted pressure on the exchequer;
- 4. Lack of clear Public Participation Framework leading to perceived non-inclusivity in development matters and attendant litigations;
- 5. **Human resource capacity gaps:** Inadequate succession management planning compounded by restrictions on new recruitment and natural attrition has resulted to shrinking workforce, and shortage of skills;
- 6. **Inter- County boundary disputes** County boundary disputes and inter-county conflicts over shared resources remains a concern that needs to be addressed. This calls for application of various dispute resolution mechanisms, clear demarcation of boundaries and deployment of necessary regulations to guide use of shared resources

- 7. **Foreign Exchange Loss** due to multiple translations while remitting the Kenya shillings to Missions abroad, thus occasioning huge net foreign exchange losses which erode their allocated budgets.
- 8. **Evolving global security threats:** The evolving global security threats characterized by acts of terrorism, transnational crimes, cyber-threats, among others undermine the peace, security and development of a country, Kenya included.
- 9. **Protracted Conflict**: Being a close neighbor on the Northern Frontier, a protracted conflict in South Sudan and Somalia is still affecting Kenya in terms of trade and investments, infrastructure projects and influx of refugees.
- 10. **Unaccredited civic education and capacity building providers**has led to duplicated efforts and resource wastage.
- 11. **Multiple Accreditation of Kenya Missions abroad** without corresponding budget allocations and sufficient human resource deployment, hence hindering effective representation.
- 12. Underperformance in own-source revenue collection by Counties: has continued to negatively affect implementation of planned activities and also resulted in pending bills.
- 13. Inadequate office space, equipment and accommodation and deteriorating facilities such Huduma Centers continue to be a major challenge for the Sector. This is aggravated by the recent implementation of the Government Internship Programme, which led to huge shortage of working tools such as furniture, and equipment in addition to office space.
- 14. High Rental Expenditure in Foreign Missions.

CHAPTER FIVE:

5.0 CONCLUSION

This Chapter summarizes key findings of this report. It details the programme performance for the MTEF period 2016/17 - 2018/19, presents the key planned programmes and budget for the MTEF period 2020/21- 2022/23 and highlights major challenges and emerging issues.

The Public Administration and International Relations (PAIR) Sector comprises of fifteen (15) subsectors. In order to achieve Kenya's Vision 2030, the 'Big Four' Plan, and Sustainable Development Goals (SDGs) the PAIR Sector will continue to provide national leadership, policy advisory and oversight in the management of public affairs through coordinating National Government Business, management of financial and project systems, implementation of National Budget, mobilization of resources for the National and County Governments, spearheading National and County Development planning and provision of official statistics.

The Sector will also enhance human resource management and developments, mainstream youth affairs in economic and social development, and promote the values and principles of governance. Further, the Sector will strengthen oversight of the operations of the State Corporations and improve intergovernmental relations, promote and enforce good governance in the management of public resources, entrench devolution and articulate Kenya Foreign Policy and diplomatic relations.

During the MTEF period 2016/17 - 2018/19, the Sector implemented thirty-two programmes and achieved, among others the following milestones: Prepared and disseminated the Third Medium Term Plan 2018-2022; coordinated Kenya's hosting and participation in multilateral and bilateral forums and concluded several cooperation frameworks, MoUs and Agreements;

With regard to entrenching devolution, the Sector offered capacity building and technical assistance to county governments and strengthened intergovernmental relations through development of an Alternative Dispute Resolution (ADR) regulation; and developed a policy on the devolved system of government and on Regional Economic blocs.

During the MTEF period 2016/17- 2018/19, the Sector encountered a number of challenges that affected their implementation its programmes. These include: budget constraints; inadequate human resource capacity; foreign exchange losses; regional conflict; underperformance in own-source revenue collection by counties; inadequate office space, equipment and accommodation; and high rental expenditure in foreign missions.

In implementing its 2020/21- 2022/23 priority programmes, the sector takes cognizance of the following emerging issues that need to be addressed: substantial resource requirements for implementation of vision 2030 and the 'big four' plan; rising cases of youth radicalization, gambling, drug and substance abuse; emerging mega- trading blocs; country boundary disputes, and cross border conflicts.

The PAIR sector's total recurrent and development approved budget for the period 2016/17, 2017/18 and 2018/19 was Ksh. 180,736.28 million, Ksh. 182,129.58 million and Ksh. 185,798.31 million respectively. The actual expenditure for the period was Ksh. 158,939.48 million, Ksh. 160,020.44 million and Ksh. 169,570.38 million for 2016/17, 2017/18 and 2018/19 financial years respectively, which translated to absorption rates of 88 percent, 88 percent and 91 percent years respectively.

During the financial years 2016/17, 2017/18 and 2018/19 the sector incurred pending bills amounting to Ksh. 4,473.48 million, Ksh. 6,062.29 million and Ksh. 5,651.77 million respectively. This comprised recurrent pending bills of Ksh.608.48 million, Ksh. 3,995.15 million and Ksh. 4,482.78 million and development pending bills of Ksh. 3,865 million, Ksh. 2,067.14 million and Ksh. 1,168.99 million for the financial years 2016/17, 2017/18 and 2018/19 respectively.

In the 2020/21 – 2022/23 MTEF period, the Sector plans to implement thirty-two programmes. The priorities identified for implementation are aligned to the MTP III, the 'Big Four' Plan, and Sustainable Development Goals. These programmes are aimed at achieving a diverse set of defined objectives, outcomes and outputs.

The sector resource allocation for the MTEF period 2020/21 – 2022/23 is inadequate to meet the required resources by the sub-sectors. Resource requirement for the Sector amount to Ksh. 337,812.62million, Ksh. 336,777.57million and Ksh. 351,171.56million in the FY2020/21, FY2021/22 and FY2022/23, respectively. These resource requirement are matched against resource allocation of Ksh. 223,672.67 million, Ksh. 223,096.03 million and Ksh224,948.44 million for the same period, respectively. The resource requirements versus the allocation translates to a resource shortfall of Ksh. 114,139.95million, Ksh. 113,681.54million and Ksh. 126,223.12million in the FY2022/23 respectively.

CHAPTER SIX

6.0 **RECOMMENDATIONS**

This chapter provides key recommendations following the review of the PAIR Sector's expenditures and performance in the 2016/17 - 2018/19 and the proposed estimates and expected outputs for the 2020/21 - 2022/23 period. The recommendations are aimed at improving the Sector's budget making, execution and monitoring of the allocated resources and include:

- i) Public Financial ManagementReforms should be sustained to enable the Sector mobilize adequate financial resources and enhance efficiency in resource use;
- ii) Leverage Public Private Partnership (PPP) arrangement to bridge financing for key projects;
- iii) Enhance allocation to the sector to facilitate effective mobilization of resources to finance public expenditure.
- iv) Operationalize the Public Servants Superannuation Scheme (PSSS) to reduce pension liability.
- v) Expand existing infrastructure and office space to cater for staff;
- vi) Develop and implement human resource management and development master plan to align staffing needs and levels to core functions and mandate of the Public Service;
- vii) Renovate deteriorated facilities for effective and efficient service delivery.
- viii) To reduce inter-county boundary disputes, there is need for application of various dispute resolution mechanisms, clear demarcation of boundaries and deployment of necessary regulations to guide use of shared resources.
 - ix) Strengthen capacity of human resource in the Public Service through recruitment at entry levels particularly in technical areas, capacity building for skills development and performance improvement.
 - x) To address high rental expenditure in foreign missions, the Sector should acquire own properties;
 - xi) There is a need for a mechanism to resolve the disagreements between the senate and national assembly without compromise to service provision in County Governments;
- xii) To address foreign exchange losses, there is need to cushion Kenya Missions budgets by providing additional funding to cater for foreign exchange fluctuations;
- xiii) Expedite the operationalization of the policy on own-source revenue for County Governments;
- xiv) Fast track implementation of National Youth Development Policy and programme interventions aimed at increasing opportunities for youth participation in development and as well as initiatives towards youth reform;
- xv) There is need for enhancement of the physical and cyber security to address evolving global security threats;

- xvi) To address multiple accreditation, there is need to fast track the opening of proposed Missions, Consulates and appointment of Honorary Consuls to better tap into the unexploited potential in countries where we do not have resident Missions.
- xvii) There is need for Parliament to expedite the passing of the Public Participation Bill into law for standardization and institutionalizing public participation procedures.

The foregoing recommendations will require formulation of specific actions by various sectors. In this regard, it is expected that all the actors and the respective subsectors in the PAIR Sector will take proactive actions to actualize the recommendations.
