The National Treasury has issued the following addendum to the Tender for Development of a Public Investment Management Information System (PIMIS) following requests from interested bidders.

S/No	Request	Clarification
1.	Do you have any preference for database software ((Oracle, MS Server, PostgreSQL, MySQL)).	There is no preference for the database
2.	Does the tendering fee apply to those who downloaded the tender documents, if yes share the payment details.	No
3.	In regards to the database licenses for a period of 3 years, is the Manufacturers Authorization Form required?	No
4.	Clause 2.10.1 of the Instruction to Tenderers states that "prices shall be quoted in Kenya Shillings unless otherwise stated in the appendix" while clause 2.21.1 states "where other currencies are used, the Procuring entity will convert those currencies to Kenya Shillings using the selling exchange rate on the date of tender closing provided by the Central Bank of Kenya". Please clarify if payment in foreign currency will be permitted.	Prices shall be quoted in **Kenya Shillings** as per ITT 2.10.1 Payment shall be made in **Kenya Shillings** as per the quoted price
5.	Taking into consideration that conversations with hardware manufacturers are taking longer than expected, we would like to kindly ask for	The Tender **SHALL** not be extended

	an extension of two weeks in the deadline for the delivery of the proposals. We are confident that this time extension will allow us to present a proposal that will benefit the overall proposal.	
6.	Will you require that the Public Investment Management Information System is integrated with IFMIS so as to provide seamless flow of data and information?	Yes Refer to the tender document clause 8.0 System Integration page 39.
7.	For the current and ongoing projects, is the bidder required to do data capture into the new proposed PIMIS Solution	For the ongoing projects, the bidder will be required to migrate data from other Government Information Systems Refer to the tender document clause 6.09 Data Migration page 39
8.	DBMS – Does the National Treasury prefer an Oracle Database Enterprise Edition (similar to the one used for IFMIS) or a Microsoft SQL database?	We have no preference for the database

All the other terms and conditions remain the same.
